Pending Changes in Bankruptcy Forms

The following changes will be made to our Court's CM/ECF System on December 1, 2018.

Rule 3002.1 Claim Supplements (Fed. R. Bankr. P. 3002.1(b)(1))

Notice of Payment Changes that arise from a home-equity line of credit (HELOC) should be filed in the same manner as Notice of Payment Changes that arise from a mortgage.

For Creditors, use the Rule 3002.1 Claim Supplement program and the radio button option for *Supplement 1 – Notice of Mortgage Payment Change (also includes HELOCS)*.

For ECF filers, use the appropriate docket event located in the **3002 Claim Supplements** menu in CM/ECF. Use either *Notice of Mortgage Payment Change – Rule 3002.1 (also includes HELOCS)* or *Notice of Mortgage Payment Change NO POC Filed – Rule 3002.1 (also includes HELOCS)*.

The following two events will also be added for ECF filers.

1. *Motions/Applications > Determine Validity of Payment Change (Rule 3002.1 event)* – Added for use by parties to object to a payment change. (Fed. R. Bankr. P. 3002.1(b)(2))
1. *Appeal > Supplemental Statement by a Party re: Certification of Direct Appeal* – Added for use by parties to file a short supplemental statement regarding the merits of the certification. (Fed. R. Bankr. P. 8006(e)(2))

Third-party Services Stealing Free Look and Accessing Restricted Documents:

Sharing your PACER account credentials with a third-party service provider or designating that provider as a secondary recipient of a Notice of Electronic Filing or Notice of Docket Activity (NEF/NDA) may give it access to restricted case information and documents in violation of court order. You are urged to use caution in your computer security practices to ensure that restricted documents to which you have access are not disclosed. Fee exempt users should not share the documents they obtain from PACER under the exemption, unless expressly authorized by the court.

Also, certain third-party services may use your one “free look” at the document. Third-party services include: DocketBird, CourtDrive, RECAP, and others.
