The Administrative Office of the U.S. Courts has asked courts to remind CM/ECF filers to protect filing logins and passwords. As part of this reminder, you are discouraged from listing third-party service providers as secondary recipients for Notices of Electronic Filing (NEFs).

Sharing CM/ECF filing credentials and PACER account credentials with a third-party service provider or designating that provider as a secondary recipient of a Notice of Electronic Filing or Notice of Docket Activity (NEF/NDA) will give the provider access to sealed case information and documents in violation of court order. You are urged to use caution in your computer security practices to ensure that sealed documents to which you have access are not disclosed. Fee exempt users should not share the documents they obtain from PACER under the exemption, unless expressly authorized by the court.

Be aware that the third-party providers may use your single "free look" at the document if the provider is listed as a secondary recipient.

Examples of third-party service providers include (but are not limited to) PacerPro, CourtDrive and DocketBird.
